

List of publications of Evgeny Gorsky

1. (joint with V. Gurovits, I. Mezhirov, E. Osmova). The Richman game. *Matematicheskoe prosveshenie*, 2001, 3:5 78–191
2. On divisorial filtrations on sheaves. *Mathematical notes*, 79 (2006), no. 6, 825–837.
3. Motivic integration and functional equations. *Algebra and Analysis* (Journal of the St. Petersburg Mathematical Society), 19 (2007), no. 4, 92–112.
4. On the motivic measure on the space of functions. *Revista Matematica Complutense*, 20 (2007), no. 2, 507–521.
5. Symmetries of some motivic integrals. *Russian Mathematical Surveys*, 63 (2008), no.4 (382), 179–180.
6. On the S_n -equivariant Euler characteristic of moduli spaces of hyperelliptic curves. *Mathematical Research Letters*, 16 (2009), no. 4, pp. 591–603.
7. Adams Operations and Power Structures. *Moscow Mathematical Journal*, 9 (2009), no. 2, 305–323.
8. On the S_n -equivariant Euler characteristic of $M_{2,n}$. arXiv:0707.2662
9. Combinatorial computation of the motivic Poincare series. arXiv:0807.0491
10. Seifert cohomology of trees. arXiv:0901.1298
11. The equivariant Euler characteristic of moduli spaces of curves. arXiv:0906.0841
